U. S. DEPARTMENT OF AGRICULTURE.

OFFICE OF EXPERIMENT STATIONS—CIRCULAR 105.

A. C. TRUE, Director.

LIST OF STATE DIRECTORS OF FARMERS' INSTITUTES AND FARMERS' INSTITUTE LECTURERS OF THE UNITED STATES.

The list of farmers' institute directors and of institute lecturers, first published by this Office in 1903, has been revised and brought up to date in the present publication.

The lecture list consists of names sent in by the state directors, and embraces only such as have been in their employ during the preceding lecture season.

The Division of Publications sends regularly to those whose names are on the lecture force copies of the monthly list of publications of the Department, from which they can select and send for such copies as they desire. Many of the agricultural experiment stations of the country also make use of the lecture list in mailing their bulletins, and a monthly list of all publications of the experiment stations is issued by the Department and sent to a part of the same list.

It is important as changes occur in the post-office addresses of lecturers that the Institute Specialist be promptly informed, so that publications sent out by the Department and by the experiment stations may be properly directed.

The purpose in publishing the names of the directors and lecturers is that the institute workers of the country may be known and a way be opened up for communication respecting institute engagements. It is also for the purpose of enabling the experiment stations and the Department of Agriculture to aid the lecturers by sending them the results of agricultural research work as they are obtained, so far as the limited editions of the publications will permit.

A large number of personal-history blanks, giving the age, qualifications, experience, and list of topics discussed, have been filled out by institute lecturers and deposited in the office of the Institute Specialist. This information is accessible to state directors for use in selecting speakers for their institutes.

JOHN HAMILTON,
Institute Specialist.
